Ehrman, John (MR # 040657819)

Bone & Joint Clinic of Houston

17183 I-45 South

Suite 210

THE WOODLANDS TX 77385-3313

Dept: 936-321-8000 Fax: 936-271-0122 Sched:

Org Code:

Patient Name: **Ehrman, John**

MRN: 040657819

Account No.:

DOB: 4/1/1957

Sex: Male

Patient Class: Outpatient

Exam: **XR Ankle 3+ Vw Left**

Date of Service: 7/11/2018

Acc: IM27431409

Signs and Symptoms:

Bone pain, ankle

Order Diagnosis:

Left ankle pain, unspecified chronicity

Requesting Provider: Marc R. Labbe, MD

Attending Provider: Marc R. Labbe

Imaging Result

AP, lateral, and oblique views of the left ankle show evidence of a calcaneus fracture. The subtalar joint appears to have some displacement. The previous distal fibular fracture is intact with in place hardware. The surrounding soft tissues are swollen.
